Scoping Meetings 1+2 - Report Cover (outside+inside) (06Feb13).doc

Jeannie, Thank you for your edits. I verified your comments with our voice recording, and sent needed edits along to the stenographer to prepare the revised transcript. I assume I receive it back by Thursday. Therefore, I expect that the draft Scoping report (both transcripts, presentation, etc.) will be submitted to the CTDOT Project Team on or before Tuesday next week.

Joe, Jeannie, in the meantime, please review the attached draft cover of the report, and advise of any changes. Jim O'Donnell already reviewed the cover. Joe, is there a Contract Number that should be added to the cover?

Thank you,

Bernward

Hi Bernward,
Attached are my comments on the transcripts from the Riverhead meeting (highlighted with a pdf sticky note).
Since the transcripts are in PDF format, I can not do track changes, so please let me know if you have problems viewing my comments.

Do you expect to send the draft report w/both transcripts around for review? If so, when?(See attached file: *ELIS SEIS - Scoping Mtg 2 - EPA cmmts transcript(09Jan13).pdf*)

Hi Bernward,

I am confused about your 2nd sentence that transcripts will be completed no later than 7 days after we receive written comments from the public...
so moving forward I suggest something like this:

Task contact due

Transcript for 1/9 mtg review EPA CTDOT CTDEEP (10 days from day sent or earlier- so latest day for comments to Bernward is 2/21/13)

Transcript for 11/14 mtg review submitted by CTDEEP and CTDOT due from EPA on 2/8/13

Written comments submitted to LBG on 2/7/13

(No more written comments will be included .. comment period has ended - so Bernward you have everything).

Draft final report of everything to project team on xxxxx for review.

thanks
